

Photography Policy

We love to share our farm with our community! And what better way to share our beautiful farm land than to allow professional photographers the ability to capture special moments on camera! Making lasting memories on the farm is priceless! This photography policy applies to all photographers that have paid for a Harvest Festival Photographer Pass and have a confirmation date and time. All professional photography sessions must be pre-booked online through Pingle's booking site and fully paid.

A photographer that would like to use Pingle's farm and the Harvest Festival as a backdrop or setting for commercial use, usually for compensation but is considered professional regardless of financial compensation or otherwise, in the form of commercial, portrait, or landscape photography, would fall into this category.

- Portrait photography is defined as, but not limited to: senior, engagement, family, graduation, wedding, etc.
- Commercial photography is defined as, but not limited to: catalog, fashion, advertisement, promotion, etc.

Pass holders agree to the following terms and conditions set forth for Pingle's Farm Market located at 1805 Taunton Road East in Hampton, Ontario L9L 1B5:

Pingle's Is A Working Farm

Please remember Pingle's is a working farm. We cannot predict or control weather. We cannot predict the timing of blossoming and blooming. Harvesting and fruiting, insects and disease control of the crops do not always cooperate with our human wants and intentions. We may have to reschedule dates due to these factors that are beyond our control.

The use of chemical applications on Pingle's Farm property is routinely necessary and we need to follow all governmental guidelines for human entry to keep everyone safe. As a result, this may restrict areas that you and your clients may enter. It is imperative that you follow all signage and stay in the designated areas.

At no time is the photographer or his/her client(s) allowed on any of the farm's equipment (tractors, gators, sprayers, ladders, lawn mowers, or any other equipment). This will cause for immediate removal off of the property.

Please respect our natural environment and the crops we are growing. Pingle's farm reserves the right to cancel the booking due to events beyond our control. Every effort will be made to reschedule, and if not, all booking fees will be refunded.

Timing

The photographer and his/her clients are to remain on the property only during their designated session times.

Absolutely NO sessions after business hours

Stay in the designated areas during all your photo shoots.

There is absolutely no access to any non-public farm buildings. Do not wander and stay on the marked walkways and areas.

Please leave the area of your photo as you found it.
